1 I'll probably just start by just saying I
2 disagree with it. I don't have, like he said, there is
3 no knowledge of it. I mean, yeah, you see here or
4 there, we even did the protest with the Shundahai
5 network and nobody, you could talk about it. Everybody
6 says the same thing. There is not anybody really
7 saying this is what's going to happen and they don't
8 really care. Nobody really cares about it. So I don't
9 know if people think Las Vegans are stupid or people in
10 Nevada, we'll just do it in Vegas, who cares? But I
11 don't agree with that.

12 I think if they are going to put it here,
13 then they need to tell us more about it. We need to
14 tell us why it's going here. If we're not creating it,
15 then why does it go here? There is not an island
16 somewhere they can't put it on? I don't appreciate
17 living here, born and raised here. I'm 24 years old
18 and I'm at the child-bearing age. I don't want my kids
19 to not be able to drink the water, not be able to play
20 in the yard because it's contaminated. That's just
21 ridiculous. It shouldn't be like that and I wish I
22 could do something, but I'm only one person and I'm not
23 very bright or whatever. I can't go to the legislators
24 and say this is what I think and they're going to
25 listen to me. But I just want everybody to know I

1 don't think it's right. That's all I wanted to say.
